

## North Field Farm 2019 CSA Agreement

We are entering into a relationship together to bring local food to your table. In exchange for a share, North Field Farm will provide you with weekly offerings of food from the farm. This will last from approximately late-May through mid-October, for 22 weeks. Food beyond the capacity of the CSA to consume will be available at a farm stand for yourself and others to purchase.

Share members and North Field Farm share the risk and the bounty in an interdependent relationship working to strengthen a local food system and improve availability of food in our community. Given that we are all *not* responsible for Mother Nature's whimsical ways, North Field Farm cannot guarantee the CSA's weekly or seasonal offering, although every effort will be made to do so. No refunds are available once payment has been made, as this is a complete one-year commitment for all of us.

### Some Details:

- Volunteer Work Hours: a minimum of two-hour blocks and according to the farm schedule are requested. Please check with Lara Miller before starting any work on the farm, in order to understand what needs to be done. Weekday and weekend dates will be available to try and accommodate as many schedules as possible. For Nyland residents: the hours working on the farm do not meet any commitment to Nyland Land Work Days.
- CSA pickup will be on **Thursdays from 3:30-6:30pm** at the farm and members are responsible for picking up during that time or assign someone else to do so. North Field Farm will communicate what will be available for pick up by Wednesday of that week.
- Please do not harvest any food without prior approval.
- The farm will only be using organic methods of growing food. No chemical pesticides, fungicides or herbicides will be used on any food or plants or earth. Every effort will be made to conserve water.
- Should any problem or concern arise, please connect with Lara Miller as soon as possible. This is partnership and open communication is key.
